*The Autosport Awards is the penultimate "end of season" ceremony for all that is motorsport. The dinner is normally held at the Grosvenor House in London.*

*Each year, every table has a commissioned centrepiece, usually focused around Formula 1, to celebrate outstanding achievements. The awards are then sold for charity on the evening.*

*All 26 Awards are on display at Tetrosyl Head Office in Rochdale.*

it competed. The car crashed at Le Mans in 1955 which ended its dominance in the WSC Circuit. Mercedes pulled out of competitive racing and did not return for three decades.

The 2017 Autosport Awards paid tribute to **Nelson Piquet**, the three-times Formula 1 world champion to which he was presented the Gregor Grant award. He won his first two titles with Brabham in 1981 and 1983. He moved to Williams winning his third title in 1987.

The Autosport table centre award is a limited edition sculpture of the Brabham BT52-BMW signed by **Nelson Piquet**.

The Brabham BT52 in 1981 was able to successfully fend off a title challenge from Alain Prost to become the first champion to win in a turbo charged car.

The BT52 was designed by Gordon Murray and is seen as one of the most innovative cars of its time in Formula 1. Gordon Murray presented Nelson Piquet with his Gregor Grant award on Sunday 3rd December 2017 at Grosvenor House, London.

*The G55 Ginetta racing car sponsored by Carlube was in the reception entrance along with Lewis Hamilton's Mercedes Formula 1 race car.*

*Tetrosyl's involvement in a year that Lewis Hamilton won his fourth Formula 1 title has a very strong British theme, as Carlube is produced and owned by Tetrosyl Group Limited, a solely British company. Tetrosyl is the United Kingdom's largest independent oil blender.*

*Carlube's involvement with Ginetta racing has spanned a good few years, the Ginetta TJ Filters/Carlube racing car is on display in Tetrosyl Reception at Rochdale, Greater Manchester.*
